**Accuracy Note**

Crash data shown on this display was provided by WISDOT. The data shown was located on 1 : 100,000 scale base maps based on measurements from known reference points. National Map Accuracy Standards for 1 : 100,000 scale data specify a minimum horizontal accuracy of plus or minus 167 feet. Therefore, enlarging the data to the scale shown on this map may introduce some inaccuracies; therefore, crash locations shown on this map are only approximate, and should be used to evaluate relative crash density and intensity.
